

## IGNITE 2025 Missions Project

This year our mission project will be ministering to the patients at Triangle Springs Mental Health and Addiction Treatment Facility. WMU has been focusing on Mental Health as our compassion project for the past several years, looking at ways to make a difference in our communities. Triangle Springs works to provide transformational care for a broad range of mental health and addiction concerns in a compassionate, comfortable environment. Patients at Triangle Springs are 18 and older and they currently have between 65 and 75 patients in their facilities.

We will be gathering supplies to create care bags for the patients at Triangle Springs. We pray these bags will show the love of Christ to those who desperately need his love and care.

We will post a list of items to bring, so stay tuned!!

We are His hands and feet
